

**Khuthaza Centre
Tiber Building
2 Baldwin Road (Corner Eloff Street Extension)
Village Deep / Selby - Joburg**

From Sandton/Pretoria

Take the M1 South
Follow the M2 City Signs to the M9 Rissik Street offramp.
Take the Rissik Street offramp
Turn right into Albert Street.
Turn right at the first traffic light onto Eloff Street

From the East take the M2 toward Joburg

Follow the M2 City signs to the M9 Rissik Street/Selby offramp
Take the Rissik Street offramp
Turn right into Albert Street
Turn right at the first traffic lights into Eloff Street

Once on Eloff Street Extension after about 1km you will pass The Pyramid (a conference centre) on your left. At the next traffic light (this is a long block) you will see our building on your left (grey wall with TIBER in red).

Baldwin is a one-way street so, take your next left onto Wright Borg (there is a bright green and grey building on the left where you turn), and then continue to turn left again as you make your way back around the block onto Baldwin.

The entrance to our section of the building is on the left and there are two large trees in front. There is a Khuthaza sign to the right of the door.

Parking is on the street/sidewalk (plenty) and there will be a security guard there to keep watch.

Traffic Note:

For those coming from the North, traffic on the M1 South can be heavy in the morning. You may want to consider taking the N3 to the M2 as an alternative route.
