

COMPANY DESCRIPTION

- **SWIFT is a strategically formed company within the construction sector, specialising in innovative technologies for rapid response, temporary, relocatable, semi-permanent and permanent building solutions.**
- **The most critical competitive characteristic that SWIFT will bring to the market is in its product differentiation and its joint ability to capture the imagination of the buyers and keep it.**
- **Foundation requirements are simple, allowing installation on a wide range of surfaces. Our structures can be erected by local labour with simple tools and minimal lifting gear.**
- **We are able to combine a complete range of existing technologies, with a range of new technologies, to offer, not only the best, but a wider range of products and in turn establish ourselves as a unique, solution orientated and committed organisation.**

GALLERY

PBS DIVISION

➤ **SWIFT is able to provide the largest and most utilised range of Prefabricated Steel Structures for permanent and temporary projects. Our range includes six unique divisions, namely:**

- 1) MOBILE FOLDING SOLUTIONS,**

- 3) MODULAR BUILDING SYSTEMS**
- 4) INTERLOCKING PANEL SYSTEMS,**
- 5) POLY CORE BUILDING SYSTEMS, and**
- 6) CONVERTED CONTAINERS.**

➤ **We can design a tailor made solution for any project, namely:**

- Site Offices and Accommodation,**
- Schools and Clinics,**
- Labour Camp Establishment,**
- Emergency or Temporary Housing,**
- Dormitories with or without Ablutions,**
- Stores and Workshops and**
- Low Cost Housing**

SLIP FORM DIVISION

➤ **SWIFT's Slip Form Division provides the ultimate technology for cutting edge, industry leading, award winning, permanent building solutions.**

➤ **The technology is a slip form of concrete shuttering, using non-slump concrete that provides the following advantages:**

- ❖ **Builds at half the cost of bricks,**
- ❖ **Cures at twice the strength of bricks,**
- ❖ **Builds at twice the speed of brick laying,**
 - ❖ **Aesthetically pleasing,**
- ❖ **Extremely flexible and can be customised for any design requirements,**
 - ❖ **NHBRC and Bank approved**

➤ **This technology allows SWIFT to build:**

- **RDP, Subsidised and Affordable Houses,**
- **Integrated Human Settlement Developments**
- **Bonded Houses,**
- **Schools, Clinics and**
- **Property Developments**

CLEAR SPAN DIVISION

- **SWIFT is able to supply a variety of industry leading tensile structures.**
- **The structures can be used for a multitude of purposes and one is not restricted in the shape or size of the structure.**
- **Fabric can be specified to your requirements, such as the life expectancy or the amount of light and heat required. A wide range of ancillary products are also readily available.**
- **Applications include:**
 - **Outdoor tensioned Awnings**
 - **Churches**
 - **Exhibition halls and venues**
 - **Shopping Centre tensile structures**
 - **Sporting complexes**
 - **Safari camps**
 - **Warehousing and construction shelters**
 - **Restaurants and hotels**
